Kako aktivirati A1 Internet SIM 120 GB na bonove?

Umetni SIM karticu u uređaj (mobilni telefon, MiFi router 4G/5G), USB stick, tablet ili laptop) i spoji se na internet.

Kako mogu koristiti Internet SIM 120 GB na bonove?

Internet SIM je namijenjen isključivo za trošenje podatkovnog prometa, stoga ga nije moguće koristiti u svrhu pozivanja.

Odmah po prvom spajanju na internet bit će ti dodijeljeno 120 GB podatkovnog prometa koji je moguće koristiti sljedećih 90 dana.

Koja je brzina surfanja putem A1 Internet SIM kartice 120 GB na bonove?

Putem A1 Internet SIM ponude surfaš maksimalnom 5G brzinom koja iznosi do 1 Gbit/s prilikom preuzimanja sadržaja s interneta (download).

Maksimalna brzina ovisi o korištenoj tehnologiji, vrsti mobilnog uređaja i trenutnoj opterećenosti pokretne mreže te razini signala na području korištenja usluge.

Što kada potrošim 120 GB ili prođe 90 dana od aktivacije Internet SIM kartice 120 GB na bonove?

Ovu Internet SIM karticu nije moguće nadoplačivati bonovima. 120 GB je podatkovni promet koji je raspoloživ 90 dana, odnosno dok se ne potroši sav dodijeljeni promet. Po isteku 90 dana Internet SIM kartica će se automatski deaktivirati.

Kako provjeravam stanje preostalih GB u svojoj ponudi na A1 Internet SIM 120 GB na bonove?

Stanje potrošenog i preostalog podatkovnog prometa provjeri na Moj A1 aplikaciji: <https://moj.a1.hr/>

Sve detalje ove ponude provjeri na službenim stranicama A1 Hrvatska ili pozivom Službi za korisnike: 0800 091 091

How to activate the A1 Internet Prepaid SIM with 120 GB?

Insert the SIM card into the device (mobile phone, MiFi router (4G/5G), USB stick, tablet or laptop) and connect to the Internet.

How to use the Internet Prepaid SIM with 120 GB?

Internet SIM is intended solely for data traffic, therefore it is not possible to use it for the purpose of making calls.

Immediately after connecting to the Internet for the first time, you will be allocated 120 GB of data traffic that can be used for the next 90 days.

What is the surfing speed via the A1 internet prepaid SIM card with 120 GB?

With the A1 Internet SIM offer, you can surf at a maximum 5G speed of up to 1 GBit/s when downloading content from the Internet.

The maximum speed depends on the technology used, the type of mobile device and the current load on the mobile network, as well as the signal level in the area where the service is used.

What happens when 120 GB is used up or 90 days have passed since the activation of the Internet Prepaid SIM card with 120 GB?

This Internet SIM card cannot be topped up with vouchers. 120 GB is the data traffic that is available for 90 days, that is, until all the allocated traffic is used up. After 90 days, the Internet SIM card will be automatically deactivated.

How to check the remaining data traffic for my A1 Internet Prepaid SIM with 120 GB?

Check the balance of used up and remaining data traffic on the Moj A1 app: <https://moj.A1.hr/>
